wEKool

Web Product Selector

The **Euroklimat** team is pleased to announce the release of the new **wEKool** selection software.

The new selection tool, developed on a web-based platform, will be available for our precious clients and dealers **by the end of September 2017**.

The benefits offered by this new tool are many and concern several fields, as the new format allowed to improve graphics and accessibility as well as more purely technical aspects.

Below just some of the **main strengths**:

- Immediate database update for all users at each new release;
- Improvement of output data of the selection tool;
- Implementation of new calculation functions;
- Interface optimization;
- Possibility to print offers in excel, pdf and word formats

Euroklimat confirms its vocation to continuous improvement, guaranteeing **quality, efficiency and cutting-edge solutions** to its customers.
