
Euroklimat at REFRIGERA

20 - 22 February, Piacenza - Italy.

First appointment for **Euroklimat** at **Refrigera**, an event destined to be one of the most significant in **Italy** for industrial and commercial refrigeration.

REFRIGERA 2019

20-22 FEBRUARY 2019 - PIACENZA EXPO - ITALY

THE INDUSTRIAL AND COMMERCIAL REFRIGERATION INDUSTRY SHOW

We invite you to take this opportunity to meet our **experts** and to discuss **important current topics**. **Euroklimat** wants to give visitors the chance to see the latest solutions on offer to the market in terms of:

- Chillers with low GWP natural refrigerants: propane R290
- Chillers specifically designed for industrial applications

Thanks to years of **experience** gained in the business, recognized by customers, **Euroklimat** presents equipment, which is the **result of a constant research for technological innovation** and **reliability**.

We look forward to seeing you at Stand E 54 to share with us the atmosphere and technical expertise of the event.

We invite you to write an e-mail to marketing@euroklimat.it to request an appointment with our experts and to subscribe to the following link to receive a free admission ticket!
